(to be completed by House 1)

Documented in Aspen:   
(to be completed by House 1)

As we begin the school year student parking passes will be issued based on our point system, as we have always done. Because we anticipate  $\frac{1}{2}$  the student body on campus each day, we will then issue temporary parking to try and accommodate as many students as possible. Temporary parking passes will be identifiable with a hole punched in the parking pass. If and when there is a full return to school, those students who hold temporary parking passes will no longer be permitted to park on campus.

### **TRAFFIC RULES AND PARKING REGULATIONS**

It is understood that anyone who receives a parking permit agrees to abide by the following rules and regulations (please note some rules have been modified for the 2020-2021 school year).

- The posted school speed limit is 10 Miles Per Hour.
- Traffic in the front driveway (in front of the school) is ONE WAY, north to south.
- Traffic in the back of the school is ONE WAY, north to south.
- Exit the plateau parking lot by taking a right hand turn to the back of building. This is a right turn only (one-way). **Only when the gate is locked**, exit by the driveway running parallel to the front of the building (left hand turn).
- The **ONLY** entrance into the main parking lot is the western entrance, near the gym doors- do not enter through the one-way at the top of the hill by the stop lights. Students are not to drive in front of the school during the morning bus drop off time.
- When school is dismissed each afternoon, vehicles must stop to allow the school busses to exit first. Students must obey the **parking lot monitors** at all times to ensure safe dismissal.
- All parking stickers must be affixed to the **passenger** side of the windshield.
- Students may not cut through the staff parking lot behind the building.

Students and families are advised that if school officials have reasonable grounds to believe that a **search** will turn up evidence that a student has violated, or is violating, a state law, or when circumstance exist that pose a threat to the health, safety, or welfare of the student body

or school employees, then the school officials may conduct a search of any vehicle parked on school property. Please refer to the School District's policy published as part of the Student Handbook if you have further questions.

Please note that there are certain days over the course of the school year that **parking on campus will be restricted for staff and students**. For example, on September 8<sup>th</sup> (the first day of school), parking may be restricted to accommodate our town election.

I understand that my parking permit will be **withdrawn at any time for the following violations**- also make note that it is the **responsibility of the student** to keep track of their attendance especially on **late arrival/delay days**. Parking passes may be pulled without an, "official" warning from administration.

- Students who earn an attendance failure "E" for any marking period will lose their parking privileges for the remainder of the school year\*
- Speeding on campus including improper/unsafe vehicle operation
- Parking in an unauthorized area or continual failure to park in designated area, this also may result in the vehicle being towed at the expense of the student
- Leaving school grounds without parental and/or administrative permission and/or escorting another student(s) off school grounds without parental and/or administrative permission. This may also result in the restriction of a Senior privilege to leave campus
- Exiting through Matthew Thornton parking lot
- Any major school disciplinary action i.e. Level III and IV offense
- Students are responsible for listening/reading daily announcements and checking their Londonderry School District email account for parking updates and alerts.

If you bring a different vehicle to school other than the one listed above, you need to inform House 1, by signing that car in immediately upon your arrival to school that day. Failure to do so will result in your car being towed.

**I have read this contract and agree to comply with all rules, regulations, and expectations listed and I agree that any non-compliance will result in the withdrawal of my parking permit.**
