ACADEMIC CODE OF INTEGRITY

Academic Integrity is at the foundation of any community of learners. Londonderry High School follows our Academic Code of Integrity created by students, which states:

We, as members of the Londonderry High School community, value personal integrity and believe that all forms of cheating and/or plagiarism are not socially acceptable and will not be tolerated.

Any violation of this Academic Code of Integrity is a failure to follow the reasonable rules of the school and will result in the following:

- A zero for the assignment for all parties involved
- Parental notification via email or phone call from the classroom teacher
- a Saturday detention for all parties involved
- Revocation/denial of membership in any honor society for that year

In addition, students need to understand that technology, including but not limited to translators, cell phones, graphing calculators, and the internet are resources and should be used responsibly. Listed below are some

examples that would be considered violating our Academic Code of Integrity (these include but are not limited to):

- Copying or using another's work (homework, labs, etc) as “your” work when instructed or the expectation is to do the assignment by yourself (Both parties would be guilty as this is the giving and taking of intellectual property).
- Discussing test material with students who have not yet taken the test.
- Using any type of illegal aide during tests and quizzes (ex: “cheat sheets” or using a graphing calculator without permission)
- Using a translator to write your work in a foreign language.

ACADEMIC RECOGNITION

Academic recognition is designed to reward students who have attained at least five quarters of high honors and honors on the honor roll. The awards criteria are as follows:

	High Honors	Honors & High Honors	Honors
CERTIFICATE	5	6	7
LETTER "L"	7	9	10
1ST SCROLL	10	12	13
2ND SCROLL	12	14	15
3RD SCROLL	14	15	
4TH SCROLL	15		
PLAQUE	13	14	15

For example, in order to be eligible for a certificate of merit, a student would have made high honors 5 times or a combination of high honors and honors 6 times or honors 7 times. Numbers are tabulated from quarter grades only

Top Ten Senior Selection Process

Londonderry High School recognizes the top ten students of the graduating class for their academic achievements over seven (7) high school semesters. The top ten are determined by a weighted rank system. This is the same system used for Londonderry High School transcripts.

Seven (7) semesters are used to calculate final rankings because Londonderry High School’s grading system is based upon final semester grades. Therefore, final rankings and GPA’s for seniors are calculated after the first semester of senior year. In addition, a transfer student must attend Londonderry High School for a minimum of four (4) semesters prior to our calculation to be eligible for consideration for recognition as a top ten senior in the graduating class. A student who transfers to Londonderry High School after this time would be ineligible for this recognition; however, these students would receive an estimated weighted rank for college purposes. Their weighted cumulative grade point average in their graduating class would be accurate and reported to the student’s college of destination by the Londonderry High Main Guidance Office.

ALTERNATIVE EDUCATION

LHS will offer courses on Monday, Tuesday, Wednesday, and Thursday afternoons/evenings during first and second semesters. This is a tuition program that will assist students who need additional credits to graduate. Students participating in this program will be on one of two academic paths toward a high school diploma.

Those who wish to remain in our day program and earn the 24 credit LHS diploma may take night classes and apply those grades/credits to the day program. Each semester class is worth .5 credits for those looking to attain the 24 credit diploma.

Students who seek a 20 credit Adult Education diploma, in consult with their parents, would withdraw from school and transfer into the Adult Education program. These individuals will be night school students who will apply previous credits earned toward this diploma. Once a student makes a commitment to the Adult Education diploma he/she must continue to pursue the 20 credits and cannot transfer back to pursue the 24 credit diploma. Please contact Crystal Rich in House 3 for further questions 432-6941 x2130.

ANTI-DISCRIMINATION STATEMENT

LIFE OF A LANCER CO-CURRICULAR CODE OF CONDUCT (updated in handbook 8/28/19)

Participation in a Londonderry High School extra-curricular and co-curricular activities (including athletics) is a privilege which should elicit great pride in both the student and his/her family. It is also an acceptance of responsibility which requires an extra commitment from those who represent our school, their coaches/advisors, and community. As representatives of Londonderry High School, students are expected to exhibit appropriate behavior at all times.

Curricular activities (activities that are graded and award credit) are exempt from this specific co-curricular code of conduct. However, school rules and behavior standards still apply as with any school related function/activity, whether that activity occur on or off campus.

The following rules have been set forth to govern participation in extracurricular and co-curricular activities at Londonderry High School:

1. Students in good standing may participate in the co- and extra-curricular activities of their school. A student is considered in good standing if he/she is not the subject of any disciplinary action for violation of any policy or school rule **and** is currently academically eligible based on NHIAA and school guidelines.
2. To be academically eligible under Londonderry High School's guidelines, a student must pass five (5) units of work during the previous quarter. For the fall, the 4th quarter is used from the previous school year. The determination of academic eligibility is based upon report card grades and it is made only on the day that the report cards are issued and not before that date.
3. All participants are expected to come to school ready to learn on all scheduled school days. To participate in a school activity, a student must be present in school on the day of the activity. For the purpose of this policy, any student who misses any portion of the school day unexcused may NOT participate in co- and extra-curricular activities. If an activity occurs on a non-school day, the student must be present on the last day of school prior to the activity. Any exceptions to this requirement must be pre-approved by a building administrator.
4. Students suspended from school (including in-school and out of school suspension) shall not practice, participate, attend, or compete in extra- or co-curricular activities during the days of suspension.
5. Students are required to abide by all Board policies, school rules and any additional rules, and/or training guidelines imposed by coaches or advisors. National organizations may have separate contracts which can impose additional rules or require additional sanctions beyond the Londonderry Life of a Lancer Policy. Any additional rules and/or training guidelines must be consistent with Board policies and be approved by the Athletic Director or Activities Director.
6. Student use of tobacco, alcohol, and drugs is illegal and negatively affects student health, safety and performance. Students participating in co- and extra-curricular activities carry a responsibility to themselves, their fellow students, coaches/advisors, parents and school to set the highest possible example of conduct, sportsmanship and training, which includes avoiding any involvement with tobacco, alcohol and drugs. Therefore, students participating in co- and extra-curricular activities may not engage in the prohibited behaviors and activities described in Policy JICH (Student Drug, Alcohol and Tobacco Use).

7. Students are expected to conduct themselves so as not to discredit themselves, their team or organization, their coach or advisor, and their school. Failure to do so may result in a student being declared ineligible to participate in the co-curricular or extra-curricular activity. If a student is charged with a crime, he or she may be suspended from participation in co- or extra-curricular activities until the case is adjudicated. A student who is convicted of a crime may be suspended from participation in activities for a period of time to be determined based upon the facts of the particular case.

8. Students shall be responsible for all equipment and uniforms issued to them by the school. The cost of replacing damaged or lost equipment /uniforms will be the responsibility of the student.

9. Students and their parents/guardians are required to sign the Life of a Lancer Policy as a condition of participating in co-curricular and extra-curricular activities. The Life of a Lancer Policy serves as a contract outlining the requirements and expectations for participating in Londonderry co-curricular and extra-curricular activities. Students and all parents must sign that they have read and understand the student handbook which includes this and all disciplinary policies.

Disciplinary Action

Improper conduct, as determined by the Athletic Director/coach, Activity Director/advisor and/or administration shall result in disciplinary action up to and including removal/suspension from the team or activity (in addition to any discipline imposed under applicable Board policies or school rules). The Athletic/Activity Directors and coaches/advisors are expected to enforce all policies and school rules at all times and to use their best judgment in applying penalties for violations. The advisor or coach shall consult with the Athletic Director or Activities Director prior to suspending a student from an activity or team.

For infractions involving “prohibited substances,” disciplinary action will be taken as specified below (in addition to discipline imposed under the District’s Drug, Alcohol, and Tobacco Use Policy JFCI). Coaches/activity advisors may impose additional consequences for such violations in consultation with the Athletic Director or Activities Coordinator. Repeat or extreme violations will warrant administrative review and additional sanctions. Violations during a student’s high school career are cumulative.

ATTENDANCE POLICY

Attendance in class is an essential part of the learning process. Students need to be present in order to participate as well as to complete assignments. When they are absent, there is an academic consequence. We urge all students and parents to strive for excellent attendance as that will ensure maximum scholastic performance. Accordingly, the following policy will be enacted.

1. During any given quarter, a student may accrue up to five absences from any class before he/she will earn an administrative failure for that quarter.
 - a. Three tardies will be counted as equal to one absence.
 - b. Being more than 20 minutes late to class will be counted as equal to one absence.
2. Administrative failure will mean the awarding of an "E" for that quarter (which will be calculated as one point below passing in that class- a 59), or their earned average if that is a lower grade.
3. All students who exceed five absences in any class during a given quarter and who have not been truant or cut classes will be able to appeal to his/her assistant principal. Copies of doctor's documentation for medical absences should be submitted to the house office.
4. It should be noted that the following absences will not count against the student in regard to the attendance policy:

a. Court appointments:	W/Court Documentation
b. Religious holidays:	Parent note
c. Bereavement:	Parent note
d. School sponsored activity:	Coach/teacher will provide rosters
e. Senior college visits:	Completed college visit form
*f. Chronic health condition	Doctor's note

*"Chronic Health Condition" refers to a medical condition that has been documented by a physician, verified by the school, and is on file in the student's medical folder in the nurse's office.
5. A note from a parent explaining all absences of any type must be submitted to the student's House Office.
6. These guidelines should not be interpreted to mean that students have allowable "cuts" or days off from school. To the contrary, these guidelines state that the school will accept no more than five absences in any class per quarter with the expectation that all absences are for legitimate reasons.

Absences: Parents are expected to phone the attendance line by 7:15 AM (603-432-6941). Parents are expected to phone by 7:15 AM. Any Student who is out of school for more than three and one-half hours of instructional time shall be considered absent for a full day. A half-day absence is defined as a student missing more than two hours of instructional time and less than three and one-half hours of instructional time.

Early Dismissal: Notes must be turned in to the student's House Office. Students must sign out at their house office prior to leaving campus.

Appeals: Any student who has exceeded the five-day absence limit and has not "cut" classes or been truant may file an appeal requesting a review of his/her attendance. If a student's absences include any "cutting", truancy or excessive tardiness, the appeal will automatically be denied. **Appeals, with all relevant documentation attached, must be filed in the student's House Office.**

Cuts/Truancy: Students who cut a class, or are truant may NOT make up missed work for credit, this includes tests, quizzes or labs. A student who has cut a class for the second time will lose his/her parking permit for the remainder of the academic year. Please note, students who cut classes or leave school grounds will continue to be subject to disciplinary consequences in addition to academic penalties. In addition, they lose their right to appeal if their absences exceed five during a given quarter.

Planned Extended Absences: Parents are urged to plan family trips during school vacations so as not to interfere with education. **A maximum of three school days per academic year will be allowed for family**

vacations; vacation absences in excess of three days will be charged against the student's record for the purpose of the attendance policy. **The school must be notified of planned absences at least one week before the first day a student is out.** Forms are available in each house office. Make-up work will be given to students either before or after the absence based on what the teacher deems as most beneficial for the student.

College Visits: Students are allowed five total college visits during their junior and senior years. The school must be notified of the visitation in advance and appropriate documentation is required confirm attendance. The college visit form can be found in all house offices.

Make-up Work: All make-up work, including tests, must be completed within one week after a student's return to school unless an alternative plan is approved by the teacher.

Out of School Suspensions: Students who have been suspended out of school cannot appeal those days.

Truancy: Truancy is defined as any unexcused absence from class or school. Any absence that has not been excused for any reasons listed in JED-R (elementary, middle or high school) will be considered an unexcused absence. Truancy and continued unexcused absences, including tardiness, will result in disciplinary action under The Disciplinary Code, Londonderry School District Policy JG. In addition, truancy may result in zero credit for all work missed. Ten half days of unexcused absence during a school year constitutes habitual truancy. A half day is defined as a student missing more than two hours of instructional time and less than three and one-half hours of instructional time. Any absence over three and one-half hours of instructional time shall be considered a full-day absence.

Confidentiality is always maintained between the school counselor and student except when the student's personal safety is jeopardized. Students who are determined to be serious about harming themselves in any manner may be assessed internally by member so the Mental Health Response Team. Upon completion of such an assessment, the student's parent/guardian will be contacted to come to school for an immediate intervention plan.

DINING SERVICES MANAGEMENT

The District encourages all parents and guardians (hereinafter "parents") to provide a healthy breakfast and lunch for their student(s). Parents are welcome to send students to school with a "brown bag/lunch box" meal. The District provides the opportunity to purchase a meal from Dining Services. Each meal is modeled after the federal nutrition standards. Payment is expected no later than when the meal is served. Payment may be in cash, check (made payable to Londonderry School District or as a debit against funds deposited into an established student lunch account).

The school lunch program is required by federal law to operate as a non-profit, which must end each fiscal year without a negative balance. Uncollected debt must be paid to the school lunch program from other funds. Therefore, parents of students required to pay the full or reduced price for meals must ensure that the Dining Services program is paid for their student's meals. The District's policy is to quickly escalate efforts to bring student meal accounts into positive balance, to avoid circumstances where these accounts build significant debt.

Student Meal Accounts-

The District uses a point-of-sale computerized meal payment system, which has an account for all students. Parents of students who will be purchasing meals using this system are required to establish and maintain a positive balance in the student's meal account.

Funds may be deposited into a student lunch account by cash, check, or on-line payment. Cash or checks may be presented to the cashier in the cafeteria. Checks, but not cash, will be accepted at the Principal's Office, the Dining Services Office, or may be mailed to any school with attention to the Dining department.

The use of checks or on-line payments is encouraged, as each provides a record. Parents are responsible for any fees charged by the on-line service. In accordance with United States Department of Agriculture ("USDA") guidance SP 02-2015, there will be no processing fee for deposits to a student meal account made by cash or check.

Bank fees incurred on any check returned for insufficient funds will be charged to the parent. Alternatively: A fee of \$20.00 will be charged to the parents for each check returned for insufficient funds. In accordance with RSA 358-C:5, notice of the fee charged for a check that is returned for insufficient funds shall be included in any letter sent to a Parent seeking payment because the student meal account has a negative balance.

Parental Restrictions on Use of Student Meal Account-

Parents are responsible for establishing any restrictions the parent chooses to place on their student's account. Unless restricted by the parent, a student may purchase à la carte items in addition to the regular meal choices. Setting and ensuring compliance with limitations on the use of the student's meal account afford families an opportunity to develop their student's understanding of the responsible use of credit and debit accounts, which will benefit the student throughout life. Parents must monitor the student's use of the meal account to ensure that a sufficient balance is available at all times for their student to charge meals. (The District's on-line payment system allows a parent to check their student's balance at any time.)

The District's policy is to ensure that students have access to healthy meals and that no student will be subject to different treatment from the standard school meal or school cafeteria procedures. Therefore, the District will allow students to purchase a meal, even if the student's meal account has insufficient funds. This policy applies to all meal offerings generally available at the cafeteria: breakfast and lunch. Please note that a student with a \$0.00 balance or in the negative may not purchase à la carte items.

Balance Statements-

The District will work proactively with parents to maintain a positive balance in their student's meal account. Notices of low balance will be sent by e-mail from the Dining department. Only those staff members who have a need to access a child's account balance and eligibility information may communicate with parents regarding unpaid meal charges. Volunteers, including parent volunteers will not be used to communicate with parents regarding unpaid meal charges. 42 U.S.C. 1758(b)(6).

The District recognizes that unexpected financial hardships occur and will work with parents in this circumstance to limit the amount of accumulated debt. To do so, it is essential that parents respond to notices and cooperate with district staff efforts. Fairness and equal treatment requires that those able to pay, but who fall behind, must promptly bring their students meal account into a positive balance. The District's proactive approach is intended to help ensure students have healthy meals and that parents do not accumulate significant debt to the school meal program.

Free or Reduced Price Meals-

The District participates in the federally supported program to provide free or reduced price meals to students from families whose economic circumstances make paying for meals difficult. Income guidelines for eligibility are based on family size and are updated each year by the USDA. The District will ensure parents are informed of the eligibility requirements and application procedures for free or reduced cost meals as well as the requirements of this policy.

Parents shall be provided with an application for free or reduced cost meals annually as well as posted on the school district website, and upon enrollment of a transfer student during the school year. The communication explaining the availability of the free or reduced price meals shall include all the elements required by federal regulation, 7 C.F.R. 245.5. Each notice shall also identify a member of the District staff, with contact information, who is available to answer questions or assist the parents with applying for free or reduced price meals.

As required by the Civil Rights Act of 1964 and USDA guidance, parents with Limited English Proficiency ("LEP") will be provided with information on this policy and the free and reduced price meal program in a language the parents can understand. The District will utilize USDA and community resources to fulfill this requirement. This policy and links to application materials for the free or reduced price meal program will be posted on the school website and made available to parents at each school.

The District will proactively enroll students found to be categorically eligible into the free or reduced price meal program. The District will seek to enroll eligible students in the free or reduced price meal program upon learning from any source of the student's potential eligibility. When eligibility is established, the District will apply the earliest effective date permitted by federal and state law.

Students Without Cash in Hand or A Positive Account Balance-

Regardless of whether a student has money to pay for a meal or has a negative balance in the student meal account, a student requesting a meal shall be provided with a meal from among the choices available to all students. The only exception will be where the student's parents have provided the District with specific written or on-line direction that the student not be provided with a school lunch program meal, the student has a meal sent from home, or otherwise has access to an appropriate meal. Under no circumstances will a student's selected meal be thrown away because of the status of the student's meal account.

It is the parents' responsibility to provide their student with a meal from home or to pay for school prepared meals. Therefore, the District's policy is to direct communications to parents about student meal debt. When parents chose to provide meals sent from home, it is the parents' responsibility to explain to their student the necessity of the student not using the school meal program.

Initial efforts to contact parents will be by e-mail or phone, however if those efforts are unsuccessful, letters to parents may be sent home in sealed envelopes with the student. Where the District has not received a response from the parents or the parents do not cooperate in resolving negative student meal account balances and the student continues to use the school meal program, for students in grade seven or higher, the principal or designee may communicate directly with the student in a manner that is private and which does not publicly identify or stigmatize the student. The resolution of the problem should seek to ensure the student has ongoing access to an appropriate meal.

Should the student's meal account balance fall below zero, a negative balance notification requesting immediate payment shall be sent to parents no less than once each week.

Unresolved Debt-

Any individual student who is in arrears with the following negative balance as of the 1st of the month with the School District will accrue the following surcharge.

1. \$50.00 - \$99.99 will be charged \$10.00 each month
2. \$100.00 - \$199.99 will be charged \$20.00 each month
3. Over \$200.00 will be charged \$50.00 each month

If the student's meal account debt grows to \$30.00 or more the parents will be requested to meet with building Principal or Asst. Principal. When appropriate, the Principal or Asst. Principal should explore with the parents whether an application for free or reduced cost meals is warranted.

If a student with a negative balance in his or her meal account seeks to purchase a meal with cash or check, the student will be allowed to do so. There is no requirement that the funds be applied first to the debt.

If parents continue to fail to provide the student with a meal sent from home, continue to fail to provide funds for their student to use the school lunch program, continue to refuse to cooperate with reasonable requests by District staff to address the overdue debt, and the parent is believed to have the ability to pay, the Chief Financial Officer may pursue payment through civil legal action, including filing a claim in small claims court pursuant to RSA Chapter 503, if the account reaches \$250.00 or more. The Chief Financial Officer is delegated authority to assess the likelihood that civil action will lead to payment, the resources required to pursue collection, and to pursue such action only when doing so is in the best interest of the District. All debt collection efforts shall comply with RSA Chapter 358-C, New Hampshire's Unfair, Deceptive or Unreasonable Collection Practices Act.

Staff Enforcement of Policy/Training-

A copy of this policy and refresher training shall be provided annually to all food service and school staff responsible for serving student meals or enforcing this policy. New staff with these responsibilities shall be provided with a written copy of the policy and training on the policy during their initial training or orientation. In accordance with federal requirements, a record shall be maintained documenting that new staff receive the policy and training. The record must also document that all applicable staff receive a copy of the policy and refresher training annually.

Student with Special Dietary Needs-

Nothing in this policy prohibits providing an appropriate meal to a student with special dietary needs such as, but not limited to, diabetes, provided these needs have been documented in a health plan, Sec 504, or IEP. If

the meal is medically required, and the student has a negative student meal account balance, or does not have cash to purchase the meal, the necessary dietary needs will be met.

It is the District's policy that in the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or disability. 7 C.F.R. 245.5(a)(1)(viii). Students will not be denied meals due to the existence of other unpaid charges at the school or for disciplinary reasons.

Assessment for Neglect Reporting

If a student who has been determined to be ineligible for free or reduced cost meals or whose parents have refused to cooperate with filing an application for free or reduced cost meals is consistently not provided with meals, either through a meal sent from home or the payment for a meal through the school meal program, the Principal will assess whether a report of child neglect is warranted to the New Hampshire Department of Health and Human Services, Division for Children, Youth, & Families, as required by RSA 169-C:29-31.

Student Discipline and Due Process (updated in handbook 8/28/19)

It is essential for schools to maintain a safe and orderly environment which supports student learning and achievement. Disciplinary action may be taken against students who violate policies, rules, or laws, and/or whose conduct directly interferes with the operations, discipline, or general welfare of the school.

Disciplinary consequences will range from a verbal warning for minor misconduct up to and including expulsion for the most serious offenses. The Londonderry School District will follow the procedures set forth by state and federal law, specifically Ed 317 and RSA 193:13, in the discipline of students. The Londonderry School Board does not review appeals of student disciplinary decisions unless a right to appeal is explicitly conferred by policy or by law.

Behavior that also violates the law may be referred to law enforcement authorities.

3. The student is entitled to a written decision which includes the legal and factual basis for the conclusion that the student should be suspended.

d. The student may, together with a parent/guardian, waive the right to a hearing and admit to the charges.

3. The School Board shall issue a written decision stating whether the student is expelled and, if so, the length of the expulsion. The expulsion shall run until the School Board reviews it and restores the student's permission to attend school. The written decision shall state any action that the student may take to be restored by the School Board. The decision shall also state that the student has the right to appeal the decision to the New Hampshire State Board of Education within twenty (20) calendar days of receipt of the decision from the School Board.

An expulsion will run until the School Board restores the student's permission to attend school. A student seeking restoration of permission to attend school shall file a written request with the Superintendent which details the basis for the request.

HAZING (updated in handbook 8/28/19)

New Hampshire law defines student hazing as “any act directed toward a student, or any coercion or intimidation of a student to act or to participate in or submit to any act, when: (1) Such act is likely or would be perceived by a reasonable person as likely to cause physical or psychological injury to any person; and (2) Such act is a condition of initiation into, admission into, continued membership in or association with any organization.” For the purposes of this policy, the term “organization” includes any association, society, athletic group, club, service group, or other similar group whose members are or include students, operating at or in conjunction with the Londonderry School District. Additionally, no student or employee of the District shall participate in or be members of any secret fraternity or secret organization that is in any degree related to the school or to a school activity.

It is the policy of the Board that injurious hazing activities of any type, either on or off school property, by any student, school employee, group or organization are inconsistent with the educational process and shall be prohibited at all times.

No administrator, faculty member, or other employee of the district shall encourage, permit, condone, or tolerate hazing activities. No student, including leaders of student organizations, shall plan, encourage, or engage in hazing activities. Students and employees who participate in or have knowledge of any hazing activities are required to make a report to the Superintendent or a building administrator.

Persons not associated with the district who fail to abide by this policy may be subject to ejection from school property and/or other measures as may be available under the law.

Administrators, school employees, and students who fail to abide by this policy may be subject to disciplinary action. For students, this may include suspension, expulsion or other appropriate measures. For employees, this may mean disciplinary action up to and including termination of employment, consistent with the terms of any applicable collective bargaining agreement. In the case of an organization affiliated with the district which authorizes hazing, penalties may include rescission of permission for that organization to operate on school property or to receive any other benefit of affiliation with the district.

These penalties shall be in addition to any civil or criminal penalties to which the violator or organization may be subject. All hazing incidents which come to the attention of the district shall be reported to the appropriate law enforcement authorities.

The Superintendent is responsible for administering this policy and may delegate specific responsibilities as he/she deems appropriate. This policy shall be included in all district handbooks, on the district website, or otherwise distributed to all school employees and students.

SEXUAL HARASSMENT

SB Policy ACA-E

Students who have complaints of sexual harassment by anyone in the school are urged to report such conduct to Principal/Assistant Principal or the School District Director of Pupil Services.

STUDENT INVOLVEMENT IN DECISION MAKING

A primary task of the school is to create a stimulating learning climate which develops active involvement of students in their education and develops a spirit of inquiry. This climate is created when students work together cooperatively with the school's staff. The Board believes that students should:

- Feel free to express, without fear, their own opinions, recognizing that every right and privilege has a corresponding responsibility;
- Be encouraged to participate in establishing course goals, improving courses of study, and in planning classroom activities;
- Act in an advisory capacity whenever possible; determining school policies, rules and regulations, and in establishing penalties for infractions in matters that relate to students;
- Be encouraged to participate in student government organizations that provide students with a concerted voice in school affairs, and to participate in a variety of extra-class activities to broaden their educational experiences;
- At the secondary level be given the opportunity, when appropriate, to participate in the informal evaluation of classes they attended during that time;
- Recognize that the effort to improve the school system is continuous and that student concerns are taken seriously;
- Recognize that any adult in the school, if approached as a friend, can be expected to cooperate in seeking ways to make the school better;
- Be warned that even clearly worthwhile changes sometimes come only with frustrating slowness;
- Be advised that some procedures have been established by law and are outside the control of teachers and administrators; and
- Attempt to make criticism constructively, that is, to recognize that the school exists for the purpose of helping young people, and that with that goal in mind, alternatives to existing practices will be considered.

STUDENT FINANCIAL RESPONSIBILITY

Textbooks and other equipment are furnished free of charge for your use and must be kept in good condition at all times. Students will be held financially responsible for books lost, destroyed, or damaged. Students will also be held responsible for all other financial obligations such as dining service outstanding balances, and any uncollected fees and penalties. Students with outstanding financial obligations will be able to take their final exams however, students will be issued a zero until as a final exam grade, parking permits will not be issued and can be revoked, and seniors may not participate in senior week activities until all of these financial obligations have been cleared. Diplomas will be held by the High School until all financial obligations have been met or until other arrangements, satisfactory to the principal and district office, have been made.

SEARCH OF STUDENTS (updated in handbook 8/28/19)

The Board seeks to maintain a safe and orderly environment in schools. School administrators may search students in accordance with this policy and accompanying administrative procedure.

Students, their personal property, and their vehicles may be searched upon reasonable suspicion that they possess any items or substances which are prohibited by law, Board policies and/or school rules, or which interfere with the operations, discipline or general welfare of the school. The Superintendent may authorize a search without individualized suspicion in special circumstances after consultation, if practicable, with legal counsel.

In circumstances involving a credible threat of violence or other imminent safety concern, law enforcement personnel shall be summoned and permitted to conduct searches and interviews as they deem necessary and lawful, which may include canine searches.

Student use of all school storage facilities, including but not limited to lockers, desks, and parking lots, is a privilege granted by the school. All storage facilities are school property and remain under the control, custody, and supervision of the school. Students have no expectation of privacy in school storage facilities or for any items placed in such storage facilities. School administrators have the authority to inspect and search storage facilities and their contents on a random basis, with or without reasonable suspicion, and without notice or consent.

When assigned a locker, desk, or storage area, a student shall be responsible for its proper care. A student may be subject to a fine for any willful damage to school property. Students are not to use any school area or property to contain anything that should not be at school. Students shall not exchange lockers or desks or use any lockers or desks other than those assigned to them by the principal. Students are encouraged to keep their assigned storage area closed and locked.

If a search produces evidence that a student has violated or is violating the law, Board policies, and/or school rules, such evidence may be seized and impounded by school administrators and appropriate disciplinary action may be taken. Evidence may be forwarded to law enforcement authorities as required by law or as deemed appropriate by school administrators.

A student who refuses to comply with search directives may be subject to disciplinary action, including the disciplinary consequences for the suspected violation.

School staff, students, and parents shall be informed of this policy on an annual basis through handbooks and/or other means selected by school administrators.

STUDENT USE OF VEHICLES

All such vehicles shall be registered through House 1, shall have a valid parking permit prominently displayed on the vehicle and shall be parked in student designated parking areas

only. Motorcycle drivers and riders, regardless of age, are required to wear a helmet while riding on school district property.

The parking of student vehicles in non-designated areas such as fire safety lanes, delivery ways, the lawns or grass, restricted areas and other non-designated areas (Matthew Thornton, Londonderry Middle School, Town Library, Londonderry Police/Fire); or failure to comply with the rules of normal driver courtesy including speeding and endangering the safety of others; or loitering in vehicles or in a parking area shall lead to revocation of this privilege or the ability for an underclassman to apply for parking in the future.

Students must apply for parking privileges on an annual basis. Student parking privileges are not transferable to another student. In the event that parking for students is limited due to a lack of parking spaces to meet student requests, parking privileges will be assigned according to a point system as follows:

Summer high school courses carry a credit value of 1/2 credit each. A Londonderry High School student may take a summer school course for credit if he/she failed that same course. Londonderry High School will not typically recognize courses taken at other summer schools for other purposes. All summer school questions/concerns should be directed to the House 3 Assistant Principal.603-432-6941 x2130.

Londonderry School District

2020-2021 School Year

Handbook Addendum - School District Reopening Plan

The following addendum is in being added to the Student Handbooks of each of the schools in the Londonderry School District as a means of facilitating the reopening of schools under the conditions of the District Reopening Plan, approved by the School Board at the August 4, 2020 School Board Meeting.

To the greatest degree possible, the District and individual schools will adhere to existing rules regarding student and staff conduct, though we do acknowledge that there are extenuating circumstances associated with this global pandemic.

These rules are intended to provide specific direction to staff, students and families regarding expected behavior for the upcoming school year. They are being presented to the School Board for approval, and if so approved will remain in place until the Board would rescind them after the COVID-19 Pandemic has been resolved.

1. The wearing of cloth face masks and other related personal protective equipment:
 1. Students and staff are expected to wear cloth face masks within the school building each day
 2. Masks will be worn in such a manner that they cover the mouth and nose, thereby reducing the spread of respiratory droplets.
 3. Masks will be required to adhere to the appropriate public health guidelines, (CDC and NHDPH). At present, that requires:
 1. Two-ply fabric
 2. Covers the nose and mouth
 3. Does not have a vent through which air is expelled
 4. The District will provide training to all staff in the appropriate wearing and removal of masks prior to the school year. This training will include appropriate times and places for ‘mask breaks’ during the day.
 5. Any person not adhering to the face mask rule will be instructed to put one on immediately by an appropriate staff member or supervisor. Refusal to do so will be considered insubordination and addressed as such through existing disciplinary processes.
 6. The School District will provide at its expense, five appropriate cloth face masks for each student electing to attend school in-person. Families are expected to launder these masks regularly.
 7. Any family who holds some form of overall objection to the wearing of protective face coverings will be accommodated through enrollment in remote learning.

2. Calculating attendance during remote learning time.

1. As parts of our student body enter remote learning, we will be calculating their attendance for a school day based upon their participation in classwork, assessments, or other forms of learning activities.
 2. For ‘live’ activities, students will be counted as in attendance when they log on and join on whatever platform is in use. (MS Teams, Google Meet, etc.)
 3. Remote Learning attendance will be applied to Remote Day learning at LHS, Full or Temporary Remote students K-12,
 4. While the LHS Attendance Policy will remain in force, the administration reserves the right to deem ‘excused’ absences during remote learning that are technology access, logistics challenges, or other similar challenges that are beyond the control of the student.
3. Selection of In-Person Learning or Remote Learning
1. One key element of the Reopening Plan is to provide parents the option of selecting either in-person learning or remote learning for their students. Parents will be asked to make an initial choice by virtue of an online survey, which will be used for class composition and staffing purposes. Once school begins, there will be a two week

'grace' period during which parents may make a change in their child's selection. We ask that parents enter into this program carefully, as a significant shift in enrollment will necessitate a reconfiguration of staff.

4. Temporary Remote Learning (by necessity)
 1. There may be circumstances in the course of the year that require an individual student, or small group of students, to enter into remote learning temporarily. Possible examples might be through quarantine or illness. In these cases, students would remain enrolled in their existing classes and complete work remotely to the best of their ability. They would rejoin their existing class or schedule upon their safe return to school.
5. Behavioral Expectations in Remote Learning
 1. Students are expected to adhere to all elements of the District's Technology Acceptable Use Policy when learning remotely. Any misuse of technology or inappropriate behavior will result in the issuing of consequences as deemed appropriate by school administrators.
6. Parent Volunteers and Building Access Protocol
 1. During the initial implementation of the District Reopening Plan, parent volunteers, or other appropriate visitors to schools will not be permitted in classrooms. We appreciate the many acts of generosity by our volunteers, and we anxiously await the opportunity to welcome them to our schools once again, when it is safe to do so.
 2. Any parents or visitors to the school who may have business to discuss within the main office will be required to self-check prior to arrival, to be temperature screened prior to being admitted, and will be required to sign the District Health Screening form. Visitors will be required to have an appointment, unless there is some form of urgent business, at the discretion of building administrators.
7. Open Campus at LHS: As a means of decreasing the number of students passing in hallways and in common areas, LHS Seniors will be granted privileges to leave campus during periods in which they are not scheduled for academic classes. They will be required to adhere to the following:
 1. Students are expected to sign in and out to document their attendance.
 2. Appropriate conduct will continue to be expected of students
 3. LHS Administrators will have the ability to revoke these privileges should a student engage in inappropriate or unsafe behavior.

These regulations have been developed in accordance with applicable guidance from the CDC, the NH Department of Public Health, and the NH School Reopening Guidelines. As has been the case since the inception of this pandemic, that guidance evolves as more information becomes available to the scientific community. **The District reserves the right to amend or add to these regulations on an ongoing basis, as we receive subsequent updates from these organizations.**

Guidance for participation in cocurricular activities within the School District, and in conjunction with other districts, is contained under separate cover, and will likewise be updated as conditions and safety standards are updated.
